THE Y

Got your attention didn't I? Look, the Minnesota MG Group needs YOU! Without you there would be no MMGG. Without the MMGG, the Triumph Club wouldn't have anyone to pick on. Without you, thousands of people across the Midwest wouldn't know what a MG Group looks like. Oh sure, they could see one or two occasionally, on a good weekend, but without 20 or 30 of your fellow club members with you, you'd never get to hear people talk to you as you whiz by saying things like, "My God! I didn't think there was enough oil in the earth to keep all those MG's running at the same time. " Or my personal favorite, "Follow that little car Dad, I wanna see how many circus clowns get out of it." And remember without you, we would be called the Minnesota MG Grop, and that just doesn't sound right. Not only that, without you, this paragraph wouldn't have made sense, but then, it probably didn't anyway.

LOOK AT YOUR MAILING LABEL, IF IT HAS 92 ON IT, THIS IS YOUR LAST ISSUE OF THE EVER IMPROVING MMGG GAZETTE, PLEASE FILL OUT THE RENEWAL FORM AND SEND IT IN WE NEED YOU! IF YOUR MAILING LABEL HAS 93 ON IT, THANK YOU FOR YOUR CONTINUED SUPPORT.

February Tech. Session at The Kelseys. Dave Stovall

I'd like to thank Al & Sharon Kelsey for their hospitality and patience for hosting the February Tech Session at their place last month. For those of you who couldn't make it, you missed a chance to learn more about the mechanical workings of the MG. Even though I don't own a MGB, I still learned quite a bit about MG maintenance, even though I personally didn't do much to help the Kelsey's put their car back together, I had a good time.

Al & Sharon would like to thank the people who took the time to come and help put their "B" on the road to recovery. Quite a bit was accomplished, even with the non-stop comments from a certain "smart-a-~~ed~~" newsletter editor, who shall remain nameless. More could have been done to the car if Al had purchased a rivet gun that was made somewhere on this planet. I thought I knew most of the tool manufacturers but have never heard of the rivet gun that everyone referred to by asking, "Hey, can you hand me that "Shitty" rivet gun?" After it was decided that the rivet gun Al had was useless, our newest member, Dave Ingles volunteered his expensive air rivet gun, which Al promptly jammed on the first rivet. Even though it took Dave almost an hour to fix his rivet gun, he STILL wanted to become a member of the club. Welcome to the MMGG Dave, got some tools I can borrow?

Once again, Al & Sharon, thank you for putting up with all of us and for hosting a great event.

I couldn't make it to the bowling party later that night, but was informed a good time was had by those members who attended.
